

Wayfarer Wines is a small family run vineyard in Kent, and unlike many of the English vineyards we are producing only still wines. Not only are our low acidity, high sugar, still wine specific vines chosen especially for still wine production, our premium first press and subsequent press of the grape are only ever destined for still wine production.

Our 2019 Vintages are all single varietal - meaning what you see on the label is 100% what is in the bottle. All the wines are single estate. Grapes grown on different sites are never mixed together, which allows an true expression of the estate, making each wine remarkably unique.

We prefer low intervention winemaking techniques to really let the fruit shine, and all our wines are vegan! Try a glass today and you might just discover your new favourite wine! For more about our vineyards and company values please visit our website.

Pilgrims Way Pinot Noir Rosé 2019

Cherry blossom, zingy grapefruit and a summer strawberry bite on the palate. Bright with bursting acidity, and well balanced.

Pilgrims Way Pinot Gris 2019

A versatile white, exceptionally delicate with gorgeous mellow acidity, and light fruity aromatics. Ripe conference pear on the nose, citrus lime and crisp green apple on the palate. This is a real show stopper and unlike any other English Pinot Gris on the market.

Wandering Wayfarer Bacchus 2019

Aromas of delicate elderflower blossom on the nose. Fresh cut grass on the palate and soft mineral undertones. A clean and crisp wine showing fresh white peach fruit characters. Aromatic, structured, and delicate, this wine really showcases the fantastic complexity of the Bacchus grape.
