**2024 MAJOR INCIDENTS AND EMERGENCIES PROCEDURE**

**RACE MANAGEMENT TEAM PROCEDURE FOR MAJOR INCIDENTS AND EMERGENCIES DURING RACING**

1. This document is for the purposes of guiding the safety response of the duty Race Management Team (Race Officer, Officer of the Day and Safety Boat Crews) in the conduct of racing at Medway Yacht Club (MYC).
2. Prior to racing the RO must brief the RMT as to the procedures below in the pre-race safety briefing, noting shipping movements, weather conditions and potential risk situations.
3. Once on the water the SBC to please check radio communication and keep the RO updated as to conditions and progress of competitors.
4. The safety boat crew are likely in general the point of first contact where an incident requiring intervention occurs. They should as far as possible act autonomously and effectively to make the situation safe. They may inform the RO as to their situation as long as this does not delay the safety response or contact.
5. Incidents which have been safely resolved by the SBC should be reported to the RO once the situation is resolved and/or by the end of racing. The RO shall report these in the end of racing report.
6. Where the situation appears to be irresolvable by the SBC or requiring additional resources the SBC need contact the RO. The person initiating the incident will need to maintain local support.
7. Based on the information received the Race Officer (or OOD in his absence) shall assess whether the incident should be escalated to a major incident or declared an emergency. A **Major Incident** is one in the opinion of the RO the capacity of the Club rescue facilities **is considered inadequate** to meet the tasks involved but where additional local resources will contain the situation **An Emergency** is any incident where major injury has occurred or when life or vessel(s) are at risk where in the opinion of the RO the capacity of the Club rescue facilities and local resources **are inadequate** to meet the tasks involved and outside assistance is necessary.
8. All incidents might require emergency services. When calling an ambulance specific indication must be given to the Ambulance service as to the nature of the suspected injury and exactly where the casualty is being landed. Please see appendices 1 for all locations but in general the **MYC Pontoon** (all states of the tide) 01634 718399 (Office) / 718169(Clubhouse) Lower Upnor, Rochester Kent ME2 4XB should be used.
